Dear Potential CKF-IN Board Member:

The CKF-IN Board of Directors Nominating Committee would like you to consider becoming a potential board member for our organization. An application and copy of board expectations are enclosed. Covering Kids & Families of Indiana (CKF-IN) is a statewide not-for-profit advocacy organization committed to ensuring that all children and families eligible for Medicaid and the Children's Health Insurance Program are enrolled in available public health coverage programs. CKF-IN is a partnership of more than five hundred organizations and individuals "Advocating Health Coverage for All." We are continually striving to find committed individuals who are interested in serving our organization as a board member. Your name has surfaced as an individual who would be an asset to our board and organization based upon the knowledge, skills and expertise you possess.

We would like to also suggest that you consider joining one of the working committees at any time. No application is needed to join a committee – just notify the CKF-IN office of your interest. Being involved with any of the committees is a great way to learn more about the work of the organization to address its mission and goals. Descriptions of each committee are enclosed along with a calendar of committee meetings.

Covering Kids & Families of Indiana has been dedicated to addressing the issues of the uninsured in Indiana since 1999. Our vision is one where "All Hoosier children and families have health care coverage." To achieve our vision, Covering Kids & Families of Indiana actively engages in a CARE model, focusing on Coalition Building, Advocacy, Resource Building, and Education.

In addition to creating awareness through its network about the policies and issues impacting Hoosiers and their health care coverage, Covering Kids & Families of Indiana helps establish and operate community-based enrollment centers at hospitals, health centers, schools, child care and other social service providers through the formation of CKF-IN local coalitions. CKF-IN local coalitions and affiliates currently operate in twenty-one counties that serve over 51% of children and families enrolled in Hoosier Healthwise and the Healthy Indiana Plan.

A Fact Sheet has been enclosed that describes the organization along with general information about our board, staff and committees. Please also visit our website at www.ckfindiana.org to learn more.

If you are interested in a Board position, please return a signed application. For questions or to join a committee, please contact David Roos, Executive Director at 574-968-1645 or at droos@ckfindiana.org. We hope that you will consider this opportunity to join the Covering Kids & Families of Indiana team.

Sincerely,

Board Chair
