County Health Rankings & Roadmaps

Building a Culture of Health, County by County

LEARNING OUTCOMES

- Discuss community conditions and factors (the social determinants of health) that influence health and well-being
- Demonstrate how to use the County Health Rankings tool to explore local data
- Identify three evidence-based education-related strategies for improving health
- Name three potential partners (outside of the educational setting/sector) with which to explore collaboration

Health by Design works at the intersection of the built environment and public health, collaborating across sectors and disciplines to ensure Indiana communities have neighborhoods, public spaces and transportation infrastructure that promote active living for all.

WE WILL ACHIEVE OUR GOALS BY:

Advocating for policy change

Building community capacity

Convening diverse partners

Educating on best practices

Facilitating dialogue

Promoting smart design

Providing technical assistance

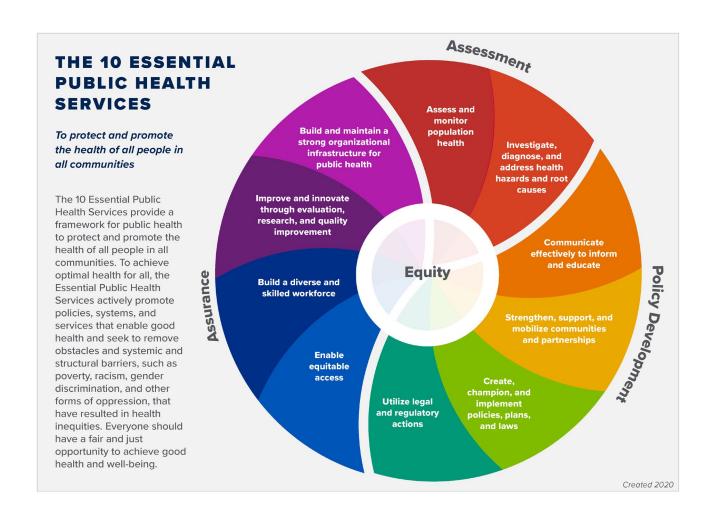

INDIANA PUBLIC HEALTH ASSOCIATION

IPHA builds capacity among public health professionals and partners to achieve health equity and well-being for all across the state of Indiana.

Strengthening public health through

- Partnerships
- Policy/Funding
- Practice
- Prevention
- Professional Development

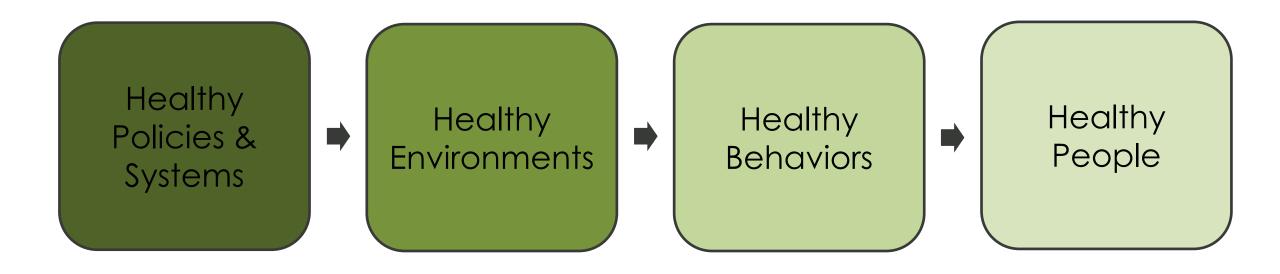

CREATE CONDITIONS FOR HEALTH

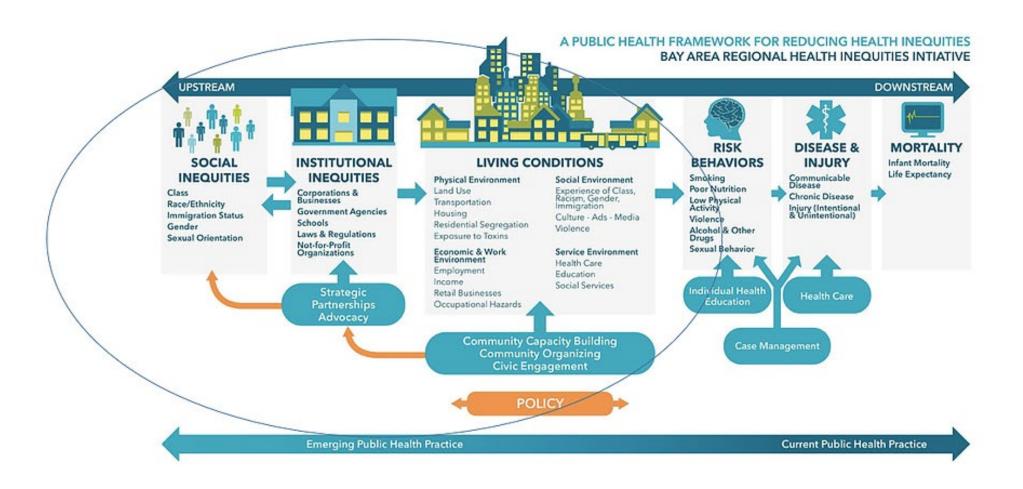

We must move UPSTREAM!

SHIFTING UPSTREAM

EQUITY-BASED

SOCIAL DETERMINANTS OF HEALTH

"The [social] determinants of health are the conditions in which people are born, grow, live, work, and age, including the health system"

(WHO, 2016)

SDOH FOCUS AREAS

SDOH FOCUS AREAS & FACTORS

ECONOMIC STABILITY	EDUCATION	HEALTH & HEALTH CARE	NEIGHBORHOOD & BUILT ENVIRONMENT	SOCIAL & COMMUNITY CONTEXT
 Food Security Housing Stability Addressing Poverty Transportation Options 	Early Childhood Education and Development High School Graduation Enrollment in Higher education Language and Literacy	 Access to Health Care Access to Primary Care Health Literacy Public Health Support 	 Access to Healthy Foods Crime and Violence Prevention Environmental Conditions Quality of Housing Transportation 	 Civic Participation Addressing

DISCUSSION

• In what ways do community conditions impact school-based activities and outcomes?

 What initiatives do you know of that are addressing the focus areas and factors of the social determinants of health in partnership with schools?

Types of Actions/Strategies

UPSTREAM EFFORTS

Systems Level

Community Level

Organizational Level

Individual Level

DOWNSTREAM EFFORTS

- PUBLIC POLICY DEVELOPMENT & IMPLEMENTATION
 - ECONOMIC DEVELOPMENT
 - COMMUNITY DEVELOPMENT
 - RESEARCH
- TRAINING & TECHNICAL ASSISTANCE
 - FUNDING
 - ADVOCACY
 - RESOURCE DEVELOPMENT & DISSEMINATION
 - PROGRAM(S)
 - SERVICE DELIVERY

ADDRESSING NEEDS

- What Works for Health
 - Policy & Systems Change
- Cross-Sector Collaboration
- Data, Analytics & Tools
- Public Engagement

DISCUSSION

 Consider community-based organizations with which you might potentially partner to address community conditions.

CHR&R

County Health Rankings & Roadmaps is a program of the University of Wisconsin Population Health Institute. This webinar is coproduced with Healthy Places by Design and is the result of the contributions of many in Wisconsin and across the nation, including the Robert Wood Johnson Foundation.

County Health Rankings Data

Building a Culture of Health, County by County

Economic security is the key to healthy families

Income Measures

Our Rankings show how healthy a community is as well as indicators for future health. This provides a starting point for action on improving health for all. Dig deeper into the measures below to learn more about our approaches to measuring health.

Children in poverty

Percentage of people under age 18 in poverty.

Learn more >

Income inequality

Ratio of household income at the 80th percentile to income at the 20th percentile. Learn more >

Median household income*

The income where half of households in a county earn more and half of households earn less.

Learn more >

Children eligible for free or reduced price lunch*

Percentage of children enrolled in public schools that are eligible for free or reduced price lunch.

* Additional Measure (not included in ranks)

Building a Culture of Health, County by County

Increase wages

Set wages above federal and state levels

Building a Culture of Health, County by County

2. Childcare cost burden

 The percentage of a household's income required to cover childcare expenses

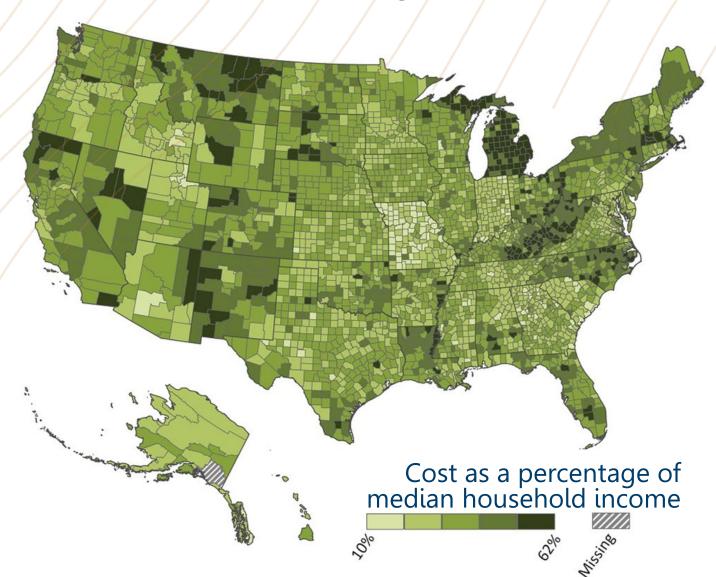

25%

of income consumed by childcare expenses

Childcare cost burden among U.S. counties, 2021

There are no counties where childcare for a household with two children is at or below the 7% benchmark

Building a Culture of Health, County by County

Affordable childcare

Set wages above federal and state levels

3. Disconnected youth

 Percentage of teens and young adults ages 16-19 who are neither working nor in school.

Building a Culture of Health, County by County

Engaging youth

- Youth internships
- Summer employment

Shifting upstream

Evidence based strategies

What Works for Health

Evidence matters. Our What Works for Health tool will help you find policies and programs that are a good fit for your community's priorities.

Discussion

What are the barriers to taking action on upstream strategies?
What makes you nervous about taking such action?

HEALTH EQUITY SUMMIT

JUNE 23-24 | VIRTUAL

Join Health by Design, IPHA, and the Health Equity Action Team for:

HEALTH EQUITY IN ACTION

Register for this virtual, two-day event and learn or continue your work in addressing structural and institutional health inequities.

Sponsorship opportunities and scholarships are available!

This Thursday & Friday, June 23 & 24

9 a.m. – 1 p.m. EDT

Virtual
